HOW DO THESE APPOINTMENTS HELP YOU?

Dental health examinations provide:

- Clinical examination to catch developing problems early
- Checking for signs of mouth cancer for early detection
- X-rays, where clinically necessary, for an in-depth examination of your oral health.

Hygiene appointments provide:

- Professional removal of harmful hard plaque
- Advice and techniques – we work with you to prevent tooth decay and gum disease
- Fresher breath and a brighter smile for improved self-esteem.

We believe this results in the complete package to maintain your oral health. We recommend joining to help reduce the risk of expensive restorative treatment in the future. Please speak to any member of the team if you would like more information or for details on how to register.
